**MOTION**

**1. GUYANA'S MODEL OF A LOW CARBON DEVELOPMENT PATH**

-  
The Prime Minister and Minister of Public Works and Communications to move the following motion:

WHEREAS international acceptance of scientific evidence that high concentrations of carbon dioxide in the atmosphere are rising exponentially, leading to alarming levels of global warming and related sea level rise is no longer a matter of dispute;

AND WHEREAS the causes of these phenomena are also now accepted at all international fora and thus the time as no other is for global concerted action to reverse these dangerous and planet and life threatening phenonmena;

3.

AND WHEREAS the 54 Commonwealth Heads of Government arrived at the Port of Spain Consensus and Declaration on Climate Change which it is taking to the United Nations Framework Convention on Climate Change Conference of Parties in Copenhagen 2009 in order to further the efforts to reach an agreement that will require commitments to deep cut in emissions by the main contributors to carbon emissions and financial and technical support to the most vulnerable nations in the world in the interim;

AND WHEREAS Guyana's Low Carbon development Strategy demonstrates how rainforest countries can use their rainforest to mitigate Climate Change and at the same time use it as the basis for a financial flow to finance a low carbon development path, with adaptation, mitigation and technology transfer as key elements;

AND WHEREAS Guyana's innovative low carbon development path was scrutinized through a consultative process which involved more than 144 communities, particularly in Amerindian communities as well as representatives of various sector groups including forestry, mining, women, youth, academic, and labour;

AND WHEREAS this process was managed and coordinated by a broad-based multi-sectoral steering committee comprising representatives of the National Tousehaos' Council, Amerindian NGOs, forestry and mining groups, the private sector, organised labour, and international monitors under the chairmanship of His Excellency the President;

AND WHEREAS the international community has applauded Guyana for its consultation process and efforts to pursue a low carbon development pathway with examples being the World Bank Forest Carbon Partnership Facility and the unique Memorandum of Understanding with the Government of Norway;

4.

BE IT RESOLVED:

That this National Assembly:

1. Recognises the efforts to build national consensus and mobilize the international community support for Climate Change and Guyana's model of a Low Carbon Development Pathway;
2. Supports Guyana's model of a Low carbon development pathway tabled in the House as the revised Low Carbon Development Strategy;
3. Endorses Guyana's commitment to a new agreement at the upcoming UNFCCC Conference of the Parties in Copenhagen, December 2009 which will bind countries to carbon reductions and release financial support to mitigate the repercussions of climate change on vulnerable countries; and
4. Lends unequivocal support to the Guyana delegation at the UNFCCC Conference in struggling/lobbying for a post 2012 agreement on Climate Change in the interest of the world and Guyana.

**(Notice Paper No. 411 (M114 Govt 71) published on 2009-12-04)**

**BILLS – Second Readings**

2. **LEGAL PRACTITIONERS (AMENDMENT) BILL 2009 – Bill No. 45/2009**
